Saturday last arrived a Mail from Holland.

Petersburg Aug. 1. O. S.

THE last Letters which came to Court from the Velt Marshall de Munich, are dated the 14th ult. and say, that having passed thro' the Territory of Podolia, he was arrived two Leagues from the Dniester, with a Design to pass that River; but having certain Intelligence that

less than 130,000 Turks on the other Side had called it, with a Design to give him Battle, pursuant to express Orders from the Porte, he alter'd his purpose, and put his Army on the March to pursue and attack the Turks, which he hoped to be able to do by the 17th ditto. These Letters add, that the Russian Army consisted of 100,000 Men, in which Number were 30,000 Cossacks, Calmucks and Hussars, and that the Artillery consisted of 350 Cannon, including Field Pieces, of which each Regiment of Foot had 4, and each Regiment of Dragoons 2. The Count de Munich is very glad the Turks have shew'd him the Pains of passing the Dniester, besides the Danger of passing a River so broad and rapid in the Sight of so numerous an Army.

Yesterday also the Court received Letters from the Velt Marshal Laschi, wherein he says, that two Days before he dispatch'd his Adjutant Cadeus, to bring them the News of another Action that has happen'd in the Crim Tartary to the Advantage of the Russian Arms; but the said Express being not yet arrived, we don't know all the Particulars: What we learn by the Letters is, that a Body of 25 or 30,000 Men, or most Part Spahis, fell with such Fury upon the Ukraine Cossacks, which form'd the Van Guard of the Army, that the latter were oblig'd to give Ground, and they were supported by a Regiment of Dragoons; but that being speedily relieved by 4 other Regiments of Dragoons, and the Cossacks of the Don, the Enemy was beat, after a sharp Skirmish, and oblig'd to retire with Precipitation, being pursued by the Cossacks above 7 Miles; that near 3000 Turks were left dead on the Spot, among whom were several Officers of Distinction; that many of both the Turks and Tartars were taken Prisoners, and among the latter one of the chief Murders of the Crim; that 8 Standards were taken, and that the Loss on the Part of the Russians was 400 Men killed, in which Number was the Colonel of the Cossacks of the Don, and that Major General Siegel received a Cut in his Check by Sword, &c.

From the Imperial Camp at Debowatz, above Vpamka, July 31. O. S. The Army having halted two Days at Denta, decamp'd the 2^d early in the morning, and arriv'd at Veretz, and next Day march'd to Jefonowa, where it stay'd till Yesterday, and this Day it remov'd to the present Camp, which is but a small Distance from the Danube, and eight Leagues from Orsova. Yesterday we heard that the Convoy from Belgrade was safe arriv'd at Orsova, consisting of four Barks laden with all sorts of Ammunition and Provisions, and of two armed Saicks, which serv'd for their Convoy, and carry'd 250 Soldiers. The Chevalier Campinelli, who so well defended the St. Charles Man of War last Year against a great Number of the Enemy's Saicks, which came to attack him, had the Care of this Expedition. He took the Opportunity of the Night, and pass'd by the Island of Bolez, in Possession of the Infidels, who did not give him the least Molestation, supposing that they were Turkish Vessels which had taken some Prize; but when they perceived the Chevalier turn towards Orsova, they immediately sent three Vessels after him, call'd Oronitzes, two of which were sunk, and the third, which fell foul of one of our Saicks, was taken, after four of the Turks, who had the Assurance to throw themselves into the said Saick were kill'd.

Vienna, Aug. 9. O. S. The Saxon Troops are marching by the way of Tockai and Buda for Peterwaraden. A great Number of Materials for a Siege are going to be sent away forthwith for Hungary. Some think they are to be employ'd against Zwornic

in Bosnia, the Siege of which nothing can hinder, unless the Grand Vizier advance that Way with his Army, in which last a general Action may ensue. The Countess of Seckendorf set out Yesterday for Gratz, to visit her Husband, who is said to be very much indispos'd. The Great Duke of Tuscany is better since he took the Mineral Waters. We hear that some of the Swiss Cantonnare sending the Emperor a Million of Florins upon the Salt-Works at Tirol.

The Baron de Seckendorf, who is related to the Count, and a Privy Counsellor of the Duke of Saxe-Gotha, arrived here the 4th Instant, to transact some Matters relating to the Count's Deliverance, which is very near at Hand. Mean Time his Equipage is sent forwards to his Estate at Misselwitz in Saxony. The Velt Marshal Count Daun, and General Caraffa, having fully justify'd their Conduct at the Beginning of the last War in Italy, the Emperor has declar'd their Innocence, and order'd that nothing more be said of the Matter.

Madrid, Aug. 9. O. S. Expresses pass so frequently betwixt this Court and London, and Mr. Keene, the British Minister, is so often at Conferences with the Court, that it cannot be doubted but an Accommodation is the serious Endeavour of both Spain and Britain. The King, in Consideration of the Services done him by the Count de St. Estevan, and of the Zeal which he serv'd the King of the Two Sicilies in Italy, has declar'd him a Grandee of Spain of the first Class, with the Title of Duke of St. Estevan, to him and his Heirs.

Prague, Aug. 6. O. S. On the 2d, some of the Students of this University fell upon the Jews in their Market, committing great Spoil and Mischief there, till the Soldiers of the Garrison came and forc'd 'em to retire. It was apprehended at first, that the Peace and Quiet of the City wou'd not have been so easily restor'd, because the greatest Part of the Garrison was oblig'd to go into the Country to suppress a Mutiny of Peasants in some neighbouring Villages, who refused, under scandalous Pretences, to work in the Fields.

Dresden, Aug. 17. O. S. On the 9th the young Prince was christen'd Albert-Casimir-Ignatius-Pius-Francis-Xavier. His Godfathers were the Kings of Spain and the two Sicilies, represented by Prince Xavier; and their Queens, represented by Princess Mary and Anne, were his Godmothers.

ANTI-SYPHILICON.

THE only short and most infallible Cure in the Universe for the VENEREAL DISEASE, from the slightest Infection to the most extreme and deplorable Degree of it, even when the Blood and Juices are thoroughly contaminated with its malignant Virus, and the very Bones are affected with it.

Fresh Infections, call'd CLAPS, with all their attendant Symptoms, tho' ever so severe, are entirely carried off by it in a few Days, and so as effectually to prevent the Blood and Juices from being tainted with any remaining Relicks on one Hand, or a venereal Gleet or Weakness to happen on the other.

And the most inveterate Degree of the French Illness, attended with Nocturnal Pains, universal Breakings out, and all the other most exasperated Symptoms, are soon overcome by it, and effectually and much more safely cured than by Salivation, Inungation, or any other Method whatever, and in so easy and pleasant a Manner, without impairing Strength, or occasioning any Inconvenience, as loudly to bespeak it the only opposite Remedy or true Venereal Antidote in the World; and this some Thousands have to their great Joy experienc'd.

It is pleasant to take, occasions no Sickness or Disorder, nor requires Confinement; but may be taken, and the Cure be accomplish'd, without the Knowledge of the nearest Friend.

Those who suspect they have received an Injury, may, by only a Dose or two of it, be perfectly freed from all Apprehensions; for it suffers no lurking Venom to lie hid in the Body, but wholly extirpates its Root and Branch, in a gentle, easy, and most effectual Manner.

All such likewise as doubt they have some remaining Relicks of former Injuries, may by a few Doses of it intirely free themselves from all Suspicion of that Kind; for it admits of no Foulness, Corruption, or Putrefaction whatever, to remain in the Fluids, or to adhere to the Solids; and on that Account, in all scabrick, scrophulous, and even leprous Eruptions, or Foulnesses of the Skin, Glandulous Swellings and Impurities of the Juices, it does more by one Dose, than any other Medicine yet known can by ten.

The Price of this most Noble ANTI-SYPHILICON is but Six Shillings a Pot, which, considering its extraordinary Efficacy, one Pot only being sufficient in most Cases to accomplish the Cure, is not a tenth Part of its Value; and is appointed by the Author to be had only at Mr. RADFORD's Toyshop, at the Rose and Crown against St. Clement's Church-Yard in the Strand, ready sealed up with a Book of Instructions, by the Perusal of which, all Persons who were ever affected with any Degree of the Venereal Disease, may perfectly understand their own Condition, and certainly know when, and when not, the Venereal Poison is intirely rooted out of their Bodies.

Note, Ask only for a Six Shilling Pot for the Scurvy.

Advertisement concerning this Book.

This Masterpiece of religious Policy was published, many Years since, in Latin, French, and Dutch: Mr. John Schipper, a Book-seller at Amsterdam, bought one of them at Auction, among other Books, and afterwards reprinted it. The Jesuits being informed that he had purchased this Book, demanded it back from him; but he had then sent it to Holland. One of the Society, who lived at Amsterdam, hearing it said, that after, to a Catholic Book-seller, by Name Van Eyck, who Schipper was printing a Book which concerned the Jesuits, replied, that if it was only The Rules of the Society, he need not be under any Concern; but desired he would inform him what it was. Being told by the Book-seller, that it was The Secret Instructions of the Society, the good Father, shrugging up his Shoulders, and knitting his Brow, said, that he saw no other Remedy but denying that this Piece came from the Society. The Reverend Fathers however thought it not advisable to purchase the whole Edition, which they had afterwards reprinted, with this Account prefixed; viz. that there said to be taken from two Roman Catholics, Messrs. Credit.
